I. ARTICLE I: PURPOSE

- A. The Graduate and Professional Student Assembly (GAPSA) shall be the coordinating student body charged with representing all graduate and professional students enrolled at the University of Pennsylvania.
- B. All graduate and professional students are members of the Graduate and Professional Student Assembly during the period of enrollment as a student at the University of Pennsylvania, and are encouraged to participate in all GAPSA activities.
- C. The Graduate and Professional Student Assembly shall serve as a liaison among the student governments of the graduate and professional schools of the University of Pennsylvania, nominate graduate and professional student representatives to University committees, and represent the concerns of graduate and professional students to the University administration.
- D. The Graduate and Professional Student Assembly shall monitor issues of importance to the graduate and professional student community and foster dialogue among its members for the purpose of identifying relevant issues of advocacy.
- E. The Graduate and Professional Student Assembly shall sponsor academic, cultural, and social events of interest to the graduate and professional student community. It shall continue to focus on funding, programming, and academic resources.

II. ARTICLE II: THE GENERAL ASSEMBLY

A. Membership and Apportionment

1. The General Assembly shall be composed of representatives from each of the graduate and professional schools of the University, and representatives from IDEAL constituencies. Henceforth, these schools and IDEAL are referred to collectively as appointing organizations.
2. Each graduate and professional school shall have one professional student representative for the first enrolled professional student and an additional professional student representative for every 300 professional students enrolled beyond the first and have one research student representative for the first enrolled research student and an additional research student representative for every 300 research students enrolled beyond the first. IDEAL constituencies shall collectively have at most eleven (11) representatives.
3. By the end of February of every year, the Vice President for Operations shall obtain from the University the number of students in each graduate and professional school and reapportion or add seats as appropriate. The reapportionment shall take effect on May 15.

4. The Vice President for Operations shall inform the student government of each graduate and professional school of the number of seats each school will have in the General Assembly and how those seats are distributed between professional and research students. The Vice President for Operations shall also inform the student government of IDEAL of the number of seats there will be for IDEAL constituents on the IDEAL Student Council.

B. General Assembly Representatives

1. The student government(s) of each appointing organization shall appoint or elect, according to their own procedures, their representatives to the General Assembly. To be qualified to be selected to and continue to hold their seats, professional student representatives must be professional students, research student representatives must be research students, school representatives must be students of the school they represent, and all representatives must be required by the student government of their appointing organization to regularly attend its meetings. The General Assembly is the final judge of the elections, appointments, and qualifications of its members and of the recognition of the student governments of school appointing organizations.
2. At least one General Assembly Representative per appointing organization shall be appointed upon the completion of the spring semester. All remaining representatives shall be appointed by the second scheduled General Assembly meeting of the fall semester. General Assembly Representatives shall hold their seats until the final adjournment of the General Assembly in the spring term and until their successors are elected.
3. The appointment or election of a representative is not valid until the receipt of documentation certifying the time and manner of the same by the Vice President for Operations.
4. General Assembly Representatives shall represent their appointing organization to GAPSA and GAPSA to their appointing organization.
5. General Assembly Representatives shall attend all meetings of the General Assembly. Any representative who has more than two unexcused absences per semester or three unexcused absences per year may be dismissed by GAPSA.
 - a) Upon the dismissal of a General Assembly Representative, GAPSA shall contact the appointing organization from which the student was a representative, in accordance with Article II, Section C of this Constitution, in order to seek a replacement.
6. Each General Assembly Representative shall serve effectively on at least one standing committee of the General Assembly in order to help GAPSA carry out its mission.
7. General Assembly Representatives who are appointed to a University Committee shall report the activities of that Committee to the appropriate Chair.

8. General Assembly Representatives shall keep the Vice President for Operations apprised of their current contact information.

C. Dismissal of a General Assembly Representative

1. A General Assembly Representative who is found to be in violation of this Constitution or the Rules of the Graduate and Professional Student Assembly shall be given a written notice stating the violation or violations no less than ten days before the General Assembly meeting at which they are to be discussed. At such meeting, the General Assembly Representative shall be given an opportunity to be heard before the General Assembly.
2. A General Assembly Representative may, upon a request issued by a majority of the General Assembly, be recalled by the student government of their appointing organization. The President or Vice President for Operations shall notify that particular appointing organization that such a request has been issued no more than forty-eight hours after such action is taken.
3. The appointing organization shall have ten (10) days to respond to the General Assembly's request. The response shall detail the course of action the appointing organization's student government has decided upon.
4. Three-fourths of the General Assembly may vote to dismiss the General Assembly Representative if the appointing organization's student government does not respond by the end of the tenth day following the issuance of the General Assembly's request. The General Assembly may override a decision of an appointing organization's student government to not take action.
5. The President or Vice President for Operations shall notify the student government of an appointing organization that one of its General Assembly Representatives has been dismissed no later than forty-eight hours after such action. The vacant seat shall be filled by the appointing organization's student government no later than the second General Assembly meeting following the dismissal.
6. Just cause (i.e., malfeasance, misfeasance, or nonfeasance), must be shown in all cases involving the dismissal of a General Assembly Representative. The membership and good standing of voting members of the General Assembly can only be involuntarily removed by the dismissal proceedings described in Article II, section C.

D. General Assembly Meetings

1. The first meeting of the General Assembly shall be, in the fall term, the first Wednesday after the second Monday in September and, in the spring term, on the Wednesday seven (7) weeks before the week of spring term break. The General Assembly shall meet every two (2) weeks thereafter until the end of classes in each term. Should a meeting date specified by this scheme fall on a university holiday, less than one week before final exams, or another day where low attendance is expected, the meeting shall be held on the prior Wednesday instead. A special meeting may be called by the President or by petition of one-quarter of General Assembly Representatives, provided at least three (3) days' notice is given of the time and place. The General Assembly may modify its meeting schedule.
2. Meetings of the General Assembly are limited to ninety (90) minutes, unless extended by three-fourths vote.
3. Procedure
 - a) All motions contained in Robert's Rules requiring a two-thirds vote shall require a three-fourths vote instead.
 - b) Unless the General Assembly votes to limit or extend limits of debate as to the duration or number of speeches, speeches in debate before the General Assembly shall be limited to three (3) minutes per speech and, as in Robert's Rules, two (2) speeches per member per question per day.
 - c) Before putting the undebatable motions that close debate, extend the meeting, or adjourn the meeting, the chair must first call for all those opposed (who either wish to speak, end the meeting, or continue the meeting, respectively) to rise (and, should there be none, the motion is thus adopted by unanimous consent) so members may cast an informed vote.
 - d) Before stating a motion that has the effect of ending debate, the Chair must recite: "I am instructed by the Constitution to say that a motion closing debate is considered to be a most exceptional procedure the sole function of which is to deprive members of their right to speak in debate and the assembly will not agree to it except where it is felt to be the only means of ensuring the proper conduct of the business of the assembly. Does the member persist in their intention to move it?"
 - e) The Executive Board may appoint a parliamentarian.
4. A quorum of the General Assembly exists when at least a majority of professional student school representatives and a majority of research student school representatives, and, collectively, General Assembly Representatives representing at least seven schools are present or represented by proxy. Vacant seats are ignored while quorum is counted.

5. At their full discretion, the Chair may allow for a remote attendance option using video conferencing technology. Most meetings will occur in person. However, if voting members of the General Assembly are not physically present at meetings, the Chair may allow for a remote attendance option utilizing a video teleconferencing tool. The General Assembly shall adhere to the Constitution and Bylaws for procedures in e-meetings.
6. Meetings shall be open to all members of the public. Any graduate or professional student who is not a voting member of the General Assembly may also participate in its discussions. All other members of the public may participate in discussions only at the invitation of the Chair. When three-fourths of the General Assembly votes in the affirmative, it shall meet in closed session, the minutes of whose proceedings shall not be published and shall be a secret of members of the General Assembly.
7. The Vice President for Operations shall, by the final adjournment of the General Assembly of each academic year, give notice to the entire General Assembly and Presidents' Advisory Council of all scheduled meeting dates for the following academic year.
8. The President, or their designee, shall distribute a tentative agenda to the General Assembly no less than thirty-six hours prior to a regularly scheduled meeting.
9. Every Bill shall be reported in its full text on two separate meeting days before the General Assembly may approve it; each such report is called a Reading.
 - a) Generally, a Bill is a main motion that brings substantive business. Specifically, any resolution, original main motion, motion which includes spending proposals, or motion which includes an enactment of or amendments to the Constitution, Bylaws, Special Rules of Order, budget, or Standing Rules, is a Bill, whether made orally or in writing. Incidental main motions not covered by the preceding (e.g., ones that relate to procedure or business already entered into) are not Bills.
 - b) First Reading is an opportunity to ask questions and otherwise consider the Bill after which it should ordinarily be referred to committee(s) for further consideration and/or amendment. A Bill may also be rejected outright by a motion to *Reject at First Reading*, subject to the same procedural rules as *postpone indefinitely*.
 - c) Second Reading is a further opportunity for consideration at the end of which a final vote may be held. The Bill may be amended before adoption without requiring any further Readings, provided amendments are germane to the Bill as first Read.
 - d) The requirement for Two Readings cannot be suspended.

10. The full, final text of every main motion or amendment thereto must be reported in writing to the General Assembly before it may be adopted or otherwise finally disposed of. Unwritten main motions are null and void. Records of the General Assembly must be published per Article XII.
11. The final General Assembly meeting in the spring shall serve as a transition meeting. The outgoing Executive Board shall act on all items of old business. The first item of new business shall be acted upon by the new Executive Board.

E. Voting

1. Each General Assembly Representative shall have one vote in all matters.
2. Only General Assembly Representatives shall have the right to vote in committees.
3. Members of the Executive Board do not have a vote in the General Assembly by virtue of their executive position.
4. In order to pass the General Assembly, a motion must receive a majority of the votes cast. Voting may be done by the raising of voting cards—provided they are distributed to all present voting members of the General Assembly before the vote—with proxy votes denoted in a tamper-resistant and nontransferable manner.
5. At their full discretion, the Chair may allow for a remote voting option using video conferencing technology. Most voting will occur in person at General Assembly meetings. However, the e-voting mechanism is optional and should be used sparingly. E-voting shall adhere to Article II, section E.
6. Any General Assembly Representative may appoint a proxy to participate on their behalf at a General Assembly meeting with full voting and other rights, valid upon the receipt by the Vice President for Operations or designee and reporting to the General Assembly of a certificate of the proxy appointment endorsed by the representative. A proxy vote may not be exercised on an amendment to proxy policy; changes to the proxy policy so passed are null and void. A single student may concurrently exercise at most two (2) proxy votes in a particular meeting. A single student may appoint a proxy for all or part of at most two (2) meetings per semester. A member represented by proxy counts as present for the purpose of determining a voting result.
7. Any General Assembly Representative has the right to insist that the final vote on any Bill be done by call of the roll, where the vote of each member is taken and identified separately in the minutes.

F. Non-Voting Seats

1. The General Assembly may appoint non-voting members when it deems necessary. Executive Board members and the Speaker are *ex officio* non-voting members of the General Assembly. All other non-voting members are dismissed at the end of the academic year and may be individually dismissed by majority vote. The rights of any non-voting member may be abridged by the same vote.
2. Non-voting members of the General Assembly shall not count towards quorum.
3. Non-voting members may not make or second motions. They may speak and otherwise participate in meetings.
4. Non-voting members may remain in General Assembly meetings during a closed session.

G. Speaker

1. The Speaker shall chair meetings of the General Assembly.
2. The Speaker is chosen primarily for the ability to carry out the duties of the office: to impartially preside, maintain order, protect substantive rights, support open deliberative discourse, facilitate rough consensus wherever possible, and promote community. The Speaker may not bring or report any proposals whatsoever and must remain strictly impartial and silent on the merits of any question (even to “provide context”) before the General Assembly. The Speaker cannot waive these duties without resigning. The Speaker must have a working command of Robert’s Rules, the GAPSA Constitution and Bylaws, any Special Rules of Order, and any other standard operating procedures used by GAPSA.
3. The General Assembly shall elect a Speaker at the penultimate regular meeting of the spring term or whenever the position is vacant, provided the election is announced to the GAPSA membership at least ten (10) days prior. The election procedures shall be the same as for elected Executive Officers. No member of the Executive Board may simultaneously hold the office of Speaker.
4. The term of Speaker begins with the final adjournment of the General Assembly in the spring term and lasts for one year and until a successor is elected. The Speaker may be removed by a three-fourths vote of no confidence.
5. The Speaker (or the assembly, if the Speaker is unable or the office of Speaker is vacant) may appoint a chair *pro tempore* for a particular meeting with the approval of the assembly.

6. The Speaker is invited to attend the meetings of the Executive Board and of any Council, Division, or Committee (and also any (sub)committee of any of the preceding) and may not cast a vote in any of these. The Speaker is not an executive officer or Executive Board member and may not represent GAPSA in their official capacity in meetings with administrators or partners.

III. ARTICLE III: THE EXECUTIVE BOARD

A. Executive Board Organization

1. The Executive Board of GAPSA will be organized corresponding to the divisions: Finance, Operations, Advocacy, and Programming. The President nominally oversees all division leadership and the Council Chairs. The Executive Vice President oversees all division leadership and coordinates between the other Vice Presidents. The Vice President for Finance manages the Finance Division leadership. The Vice President for Operations manages the Operations Division leadership. The Vice President for Advocacy manages the Advocacy Division leadership. The Vice President for Programming manages the Programming Division leadership.
2. The Finance Division leadership will be directly managed by the Vice President for Finance and will consist of the following executive positions: Director of Fund Management, Director of Budget, and Director of Financial Reporting.
3. The Operations Division leadership will be directly managed by the Vice President for Operations and will consist of the following executive positions: Director of Public Relations, Director of Logistics, Director of Alumni Relations, and Director of Data Analytics.
4. The Advocacy Division leadership will be directly managed by the Vice President for Advocacy and will consist of the following executive positions: Director of Student Wellness, Director of Equity and Access, Director of International Student Affairs, and Director of External Affairs.
5. The Programming Division leadership will be directly managed by the Vice President for Programming and will consist of the following executive positions: Director of Academic Programming, Director of Cultural Programming, and Director of Social Programming.
6. The President, Vice Presidents, and Council Chairs {Steering} will be elected according to the procedures laid out in Article IV of this Constitution. After the election of the President, Vice Presidents, and Council Chairs {Steering}, these members of the Executive Board shall appoint the Director-level board members according to the procedures laid out in Article IV of this Constitution.
7. Each Vice President has joint and several responsibility for the execution of all the duties of the Directors in their division.

B. General Responsibilities

1. The term of all elected or appointed executive officers is one year, beginning and ending at noon on May 15 and until their successors are elected or appointed, respectively.
2. Members of the Executive Board shall participate in relevant meetings with the GAPSA President and University Officials.
3. Each voting member of the Executive Board shall have exactly one vote in all Executive Board matters.
4. The Executive Board may adopt resolutions when it is impractical for the General Assembly to act. In such a case, a resolution must receive the affirmative votes of a simple majority of all Executive Board members. Any resolution approved by the Executive Board in such a situation must be presented to the General Assembly for its approval or rejection at its next meeting. If it is not, then the Executive Board's prior action shall be considered null and void.
5. The Executive Board may act to address any issue that impacts GAPSA's finances, holdings, standing in the community, or operations when it is impractical for the General Assembly to act. Such decisions must be approved by a majority vote of all Executive Board members. Any decision made in such a situation must be presented to the General Assembly at its next meeting.
6. Any Executive Board member may appoint Deputy Directors (who are styled: Deputy Director "of" the division in which they serve "for" the purpose for which they were appointed) to assist in their duties with the unanimous approval of the President and Vice Presidents. The General Assembly may define the roles of, regulate, and limit the appointment of Deputy Directors by Standing Rule.
7. The President, Vice Presidents, and Council Chairs {Steering} shall provide to the General Assembly, in January and April, a public report summarizing the work of the Executive Board throughout the academic year.
8. Any officer of GAPSA with a leadership position (not *ex officio* of their GAPSA office) in any GAPSA-funded group must disclose said interest, may not lobby in the General Assembly or any of its committees and councils as to the funding of said group, and must recuse themselves from any decision in their official capacity as an officer of GAPSA in regards to funding of said group.
9. Voting members of the Executive Board may not be General Assembly Representatives.

C. Executive Board Bylaws

1. The Executive Board is authorized to have Bylaws which govern its day-to-day functioning and such other functions as authorized by this Constitution.

2. The Executive Board Bylaws may be amended by a two-thirds vote of the Executive Board and a majority vote of the General Assembly with ten (10) days' notice of the full text, both on the same language.

D. Removal of a Member of the Executive Board

1. Executive Board members (i.e., The President, Vice Presidents, Council Chairs, and Directors) and other all other executive officers (e.g., Deputy Directors) of GAPSA may be involuntarily removed only by one of the procedures in this section and only for either violations of the Constitution or subsidiary rules, gross dereliction of duty, or professional misconduct. In all instances, officers must be given fourteen (14) days' written notice specifying the violation(s) before the process may begin and granted an opportunity to be heard before the appropriate decision-making body. In accordance with Robert's Rules, any member eligible to vote in removal proceedings may demand the vote be done by secret ballot.
2. All Executive Officers. Upon the initiative of ten (10) General Assembly Representatives approaching the Speaker, any executive officer of GAPSA may be removed by three-fourths vote of the General Assembly.
3. Directors. Upon the initiative of a Vice President, any Director of the same division may be removed by unanimous vote of the President, Vice Presidents, Council Chairs, and all other Directors of the division at a meeting of the Executive Board. The General Assembly may overturn this by three-fourths vote on appeal, provided the appeal is initiated before the replacement for the position has been elected or confirmed and the General Assembly had ten (10) days' notice of the pending appeal.
4. Council Chairs. Upon the initiative of one-quarter of members (representing at least two schools) of a Council approaching the Speaker, the Chair of the same Council may be removed by three-fourths vote of the Council.

E. Vacancies on the Executive Board

1. Should a vacancy occur or resignation accepted in the offices of the President, Vice Presidents, or Council Chairs, a special election shall be held at the next practical, regularly-scheduled General Assembly meeting, provided fourteen (14) and ten (10) days' notice is given to the General Assembly and the GAPSA membership, respectively. The procedures of Article IV apply to these special elections, but in extenuating circumstances, they may be adjusted by three-fourths vote of the General Assembly.
2. The following interim appointments to vacant positions are valid until the election is held. Members of the Executive Board appointed to interim positions may continue to serve in their original position concurrently. The President (interim or elected) shall act with the powers and duties of any vacant position until an interim is appointed.

3. The Interim President shall be the Executive Vice President, or, if they are unwilling, one of the other Vice Presidents, appointed by majority vote of those Vice Presidents, or, if they are unwilling, a member of the Executive Board appointed by majority vote of the Executive Board.
4. The Interim Executive Vice President shall be one of the other Vice Presidents, appointed by the President and confirmed by majority vote of the Executive Board.
5. An Interim Vice President for some division shall be the Director of the same division appointed by the Executive Vice President and confirmed by majority vote of the Executive Board.
6. An Interim Director shall be a student appointed by the Vice President for the same division and confirmed by majority vote of the Executive Board. The Interim Director shall hold their seat until a full Article IV appointment process is held.

IV. ARTICLE IV: ELECTIONS AND APPOINTMENTS

A. Election Process for the President and Vice Presidents

1. Timing and Communication of Elections
 - a) The annual elections of the GAPSA President and Vice Presidents by the General Assembly shall take place in the spring term, on or before March 25.
 - b) The regular annual elections date should be announced to the General Assembly by the first meeting of the spring term. Special elections must be announced to the General Assembly with at least fourteen (14) days' notice.
 - c) All elections (regular and special) must be announced, in digital or paper form, to the full GAPSA membership with at least ten (10) days' notice.
2. Election Order. The elections shall be done in the order: (1) President, (2), Executive Vice President, (3) Vice President for Finance, (4) Vice President for Operations, (5) Vice President for Programming, and (6) Vice President for Advocacy.
3. Chair of Elections
 - a) The President and Vice Presidents may select, with consent of the member so selected, an Elections Chair who should be a member free of conflicts of interest and generally perceived as impartial and fair. The Speaker is the default choice for Elections Chair. The chair of elections shall be ineligible to be elected at the meeting they chair or be appointed to any position by the affirmative vote (not counting unanimous consent) of any officers during their term elected at the same.
 - b) Whosoever chairs the election process or serves as a teller may not express an opinion either opposing or endorsing any candidate.

- c) The identity and contact information of the Elections Chair should be announced alongside the announcement of the election date.
 - d) The Elections Chair shall appoint at least two and at most four tellers to assist in the collection and counting of ballots.
4. Nominations. Nominations shall be opened beginning at least ten (10) days before the election. Nominations may be made by electronic mail or in-person to the Elections Chair by any GAPSA member and may be made anonymously. Just before the election for a position is held, the Elections Chair shall ask three (3) times for further nominations, after which nominations are closed. Self-nominations are acceptable. Nominations need not be seconded, but they must be accepted by the person nominated. Nominees must be eligible for the position for which they run.
 5. The Executive Board Bylaws shall specify the detailed procedures for at least (1) Candidate Speeches, (2) Questions and Answers, and (3) Deliberations. Changes to these rules must be ratified and announced at least ten (10) days before the election for which the changes may apply. In these procedures, candidates shall be guaranteed equal opportunity of speaking and of responding to questions.
 6. Voting
 - a) To be eligible to vote in an election (regular or special), all representatives must be certified as in Article II, section B, paragraph 3 no later than ten (10) days before the election and must be non-interim representatives. Members eligible to vote in the election may appoint a proxy for the election subject to the rules for appointing proxies in ordinary meetings.
 - b) Every elected position must be filled by a secret ballot vote, even if uncontested. All ballots must be handed directly to the Elections Chair or one of the tellers, who shall count the ballots. Ballots shall be counterfeit resistant and particular to each election.
 - c) If there is one candidate, that candidate is elected if they receive more votes than half of members present or represented.
 - d) If there are two candidates, the candidate with the majority of votes indicating some preference is the winner.
 - e) If there are three or more candidates, then the voting procedure shall be by the instant runoff method. Voters shall rank the candidates in the order in which they prefer. The Elections Chair shall first credit each ballot to the highest ranked eligible candidate on the ballot. The candidate with the least votes after this counting is eliminated and their votes are credited to the next-highest ranked candidate on each ballot. This process of elimination is continued until only two remain. The candidate credited with a majority of votes credited is the winner.

- f) If the vote is tied, the General Assembly returns to deliberations for a further ten (10) minutes which can be extended or limited by three-fourths vote, before balloting again on all candidates. Before voting, members may also move to postpone the election to the next meeting, a motion which requires a majority vote.
 - h) The complete tellers’ report is secret to the tellers and Elections Chair only and may not be shared to any other persons in perpetuity. The Elections Chair only announces the number of ballots cast; and, if there is one, the winning candidate, or, if a majority of ballots were abstentions, that the election is postponed, or, if the vote was tied, that the vote was tied (without announcing the top two candidates) and needs to be repeated as explained above.
 - i) The deadline to request a recount or otherwise challenge the result of the balloted election is ten (10) minutes after the result is announced, after which the ballots and any records whatsoever of the complete tellers report are destroyed.

Each Officer shall have one vote, with ties broken in favor of the Vice President in the Director's division. With the consent of the candidate, they may be considered for any position. Appointments must be announced at least five (5) days before the final General Assembly meeting of the academic year.

If confirmation is refused, applications for those positions are reopened for at least one further week. XII. ARTICLE XII: AUTHORITY

A. Supremacy

1. The Constitution and Bylaws (a collective term for all Bylaws of any organ explicitly authorized by and conforming to the Constitution), together with the Acts of the General Assembly made pursuant thereto, are the supreme rules of GAPSA per the Statutes of the Trustees of the University of Pennsylvania Article 9.6.

2. The rules contained in the current edition of Robert's Rules of Order Newly Revised shall govern GAPSA and all its constituent organs (Boards, Divisions, Committees, Councils, etc.) and officers in all cases to which they are applicable and in which they are not inconsistent with this Constitution and any Special Rules of Order the General Assembly may adopt.
3. The General Assembly is the final judge of the meaning of the rules. Rules are interpreted as to make them compatible with each other and derogate each other only in the case of irresolvable contradiction. Custom yields to written rule. General yields to specific. Inferior yields to superior. Later yields to earlier, unless passed either as or by the vote required for the rescission or amendment of the earlier. If certain things are specifically authorized, other things of the same class are thereby prohibited. Preambles (e.g., "whereas" clauses, abstracts) are of no binding effect.
4. The General Assembly may unilaterally amend the Bylaws of any other constituent organ, except GAP, of GAPSA that is authorized to have them by three-fourths vote, provided it does so explicitly, the organ has a reasonable opportunity to review and report on the proposed amendments, and the full text of the Bill containing proposed amendments is distributed with ten (10) days' notice before the final vote.

An Act of a subsidiary organ/unit (Board, Division, Committee, Council, or officer) creating, amending, or rescinding Standing Rules becomes void if it is not reported to the General Assembly at its next meeting and remains void until so reported.
3. The individual Rules of the GAPSA Standing Rules shall be numbered uniquely without regard to greater subdivisions that contain them. Subdivisions of each Standing Rule are numbered in accordance with ISO 2145, that is, with Hindu-Arabic numerals delimited by periods, starting from 1 (except header or introductory subdivisions which are explicitly or implicitly zero (0)). A secretarial annotation is inserted in published Standing Rules noting that any gaps in the numbering are reserved for future use.
